Tuff

Lessons: Building the E7 chord from E chord and switching between A and E7. How to read first and second repeats. Counting pickup notes and proper chord timing. Playing "TuffAxe" or chord-melody arrangements.

Composer's Corner: These words are super old-fashioned and let's just say it -- they're kinda dumb. Honestly, when was the last time you wrote a letter? Use this melody and those chords and write a better song with modern lyrics.
